In one of the most wasteful industries in the world we are working towards rejecting wastefulness and finding solutions to create a more sustainable dining experience. Some little steps that we are taking include: Offering water only on request; using recycled take-away packaging & paper straws; working closely with 'RecyLA' to ensure waste management is kept to a minimum. We are also working with a local farmer and hope to have our bees pollinating and harvesting our own honey - mid 2019
